

Our Bargaining Team Got a Great Transition Agreement!

It is now time for all of us to come together, learn the details of the transition, and vote to ratify it.

“We have successfully bargained a contract that sets us up well as we head into integration with UW. This contract includes raises, retention bonuses, protections for the clinics, EIB/PAL cash out and rollover, and retirement

payment. I encourage all our members to come and vote to ratify this contract.” **Judy Sohl, Certified Medical Assistant, The Sports Medicine Clinic, SEIU 1199NW Bargaining Team Member.**

“During bargaining last week, our team met with UW Medicine and NWH twice with a record breaking session, lasting a whopping 37.5 hours. During these sessions, our team successfully hammered out a

transitional contract for NWH SEIU 1199NW employees. Come to the ratification vote to see how our official transition to UW Medicine will affect your work life.” **Fatima Lojewski, Lab Assistant Lead, SEIU 1199NW Executive Board and Bargaining Team Member.**
