

We Are Standing Together for Our First Contract As Our Bargaining Begins

Because we have a union, we now have a voice at the table and this week we had our first bargaining session with management.

We presented our proposal to management to join the existing hospital contract wherever possible. Management said they would give us an answer in two weeks at our next bargaining session, where we will also discuss PAL/EIB, retirement, and wages.

We will have our first bargaining session with the whole NWH team on June 17, 2019.

Our Bargaining Team
Judy Sohl, Certified Medical Assistant, The Sports Medicine Clinic
Beverly Mills, Clinic Surgical Scheduler, Fremont Primary and Specialty Clinic
Erin Bolas, Echocardiographer, Summit Cardiology
Sherry Luckey, Lead PSS, Lake Forest Park Primary Care
Deion Romero, Certified Medical Assistant, NW Otolaryngology

“As a NWH clinic employee, I’m excited to be included in the bargaining process and represent all NWH employees.”
Beverly Mills, Clinic Surgical Scheduler, Fremont Primary and Specialty Clinic

“I am a NWH employee and now as a SEIU 1199NW member I need a contract that is the same standard as my coworkers in the hospital.”
Erin Bolas, Echocardiographer, Summit Cardiology

“I look forward to NWH doing the right thing and agreeing to our proposal. Clinic employees deserve to have our working conditions and raises protected by a contract, rather than relying on policies, which can be changed arbitrarily. I ask my fellow employees to support the bargaining team by signing a union card and voting for the proposal.”
Judy Sohl, Certified Medical Assistant, The Sports Medicine Clinic

“I feel privileged to be a part of the NWH bargaining team and want to remind everyone that the grievance procedure is available to us if needed as we wait for a final contract.”
Sherry Luckey, Lead PSS, Lake Forest Park Primary Care

Come and vote on our proposals.
