# Moving With Strength: Making Good Samaritan a Better Place for Us, Our Families and Communities

Our bargaining team held our first bargaining session and led on our vision of what a great Good Sam looks like. We presented our priorities to MultiCare management and told them that our team is united to:

- Make sure we can recruit and retain the right staff to continue providing the best care to our patients.
- Provide a better quality of life for us and our families through higher wages and lower premiums and benefits. Good wages will allow us to afford to live in the communities that we work, if we choose to do so.
- Call for staffing improvements to provide quality care

43% of us have been working at Good Sam for a year or less

Only 33% of us can afford to live in Puyallup

"We came in strong and united and expressed our priorities. We took pride in what we do, who we represent and stand for. Let's build our strength and start showing our unity."

## Our Community Stands with Us!

Our bargaining team met with Puyallup City Council candidates Mayor John Palmer, Heather Shadko and Julie Door. They came here to support us, hear our stories about our work and learn about our bargaining proposals.

"We interview candidates and endorse those we know will stand with us for good jobs, quality care and strong communities. We are proud to support healthcare champions who show a commitment to improving the lives of workers and will stand with us at the bargaining table as we move forward with contract negotiations."
