

Creating a Clear Educational Pathway and Ensuring the Doors Are Open For Higher Education

For over 10 years we have participated in many fights together as a union at St. Joseph, up to our strongest action ever in 2014—a strike for our well-being, educational attainment and a career pathway to improve our quality of life. We pushed for many years until we finally won the Training Fund, which is one big step toward creating a more equitable workforce environment and help lower the barriers to our success.

Have you ever thought about going back to school?

If you could go back to school for free, would you?

Would you like to explore your interests, motivation, and aspirations?

If you answered **yes** to any one of these questions, please take a quick moment to fill out the online survey:

“We fought so hard and for many years for the Training Fund at St. Joe’s. Now that we finally won it, I hope that everyone who is interested in going to school can take advantage. The Training Fund is for any service workers who are interested in going back to school and want a clear career pathway, which will better their quality of life.”

**Desiree Castillo, Care Assistant,
Emergency Department**
