- 5.1 Seniority Defined. Seniority means a regular employee's length of serviced based on regular paid hours as defined in Article 4.7 within this bargaining unit from the most recent date of hire in a regular position. Seniority shall not apply to an employee until the employee has completed the required probationary period. Upon satisfactory completion of the probationary period, the employee shall be credited with seniority and benefit eligibility from the most recent date of hire in a regular position.
- 5.2 Seniority Application. Seniority shall be the determining factor in selection of employees for layoff, recall from layoff, reassignment of positions remaining as a result of a layoff, transfers, shift changes and promotions to open positions, providing skills, ability, experience, performance and/or quality of work are substantially equal in the opinion of the Employer. The Employer shall determine the qualifications, skills, ability and competency of its employees, and such determinations shall be reasonably and fairly made.

5.2.1 Termination of Seniority. Seniority shall terminate and all rights to employment under this Agreement shall cease upon the occurrences:

- a. Resignation.

- 5.3 Layoff. Layoff is defined as a permanent or prolonged reduction in the number of positions within a job classification in a department or work unit.

5.4 Layoff Notice. Employees and the Union shall be given thirty (30) calendar days notice of impending layoff. Representatives of the Union and the Employer will meet upon request of either party but such meeting, if requested, shall not delay the implementation of the layoff process or related Employer notices. In the event of a layoff, a seniority roster will be sent to the Union.

5.4.1 Hold on Open Positions. During the 30 day notice period, the Employer will hold open (vacant) positions in the bargaining unit requiring comparable skills.

5.4.2 Order of Layoff. Subject to Article 5.2, the order of layoff shall be:

1. Volunteers
2. Probationary employees
3. Regular employees (by seniority) as defined in Article 5.1 of this Agreement.

5.4.3 Options for Employees Subject to Layoff. Employees subject to layoff shall have the following options that will be offered in order of seniority consistent with Article 5.2:

1. Reassignment to a vacant position in the bargaining unit for which the employee may be qualified after any appropriate internal intra-departmental transfers under Article 5.5.1, provided however, that intradepartmental transfers will be limited to regular employees. In the event an employee accepts reassignment to a vacant position in a different job classification, the employee will be placed at that step of the pay scale closest to the employee's current rate of pay.

Determination of current qualifications for a vacant position. An employee will be considered qualified for reassignment to a vacant position in another job classification within the bargaining unit if, in the Employer's opinion, the employee possesses the requisite skills and experience to perform the essential functions or could acquire the same with no more than forty (40) hours of orientation and otherwise meets any qualifications that are a condition of employment.

2. In the case of job classifications utilized in multiple departments, the position of the least senior employee in their job classification, providing the employee possesses the requisite skills and experience to perform the essential functions of the position and could become oriented with no more than forty (40) hours of orientation.

If the employee who accepts reassignment to a vacant position in the bargaining unit (under option number 1 above) or displaces the least senior employees in their job classification (under option number 2 above) has not achieved a satisfactory level of performance in the judgment of the

Employer based on established criteria, upon conclusion of the 40 hours of orientation, the employee will be subject to layoff without further notice and placed on the recall roster.

Note: As of the effective date of this Agreement, the following classifications are utilized across multiple departments: Patient Care Aide (PCA), CNA, and Unit Secretary.

3. Recall rights under Article 5.4.4.

- 5.4.4 Recall Rights. Employees on the recall roster will be offered available relief hours in their job classification, such as coverage for vacation, leaves of absences, temporary increases to census and unscheduled absences, prior to scheduling a per diem employee. Employees who work such hours will be compensated like per diem employees.

Employees on layoff shall be placed on a recall roster for a period of twelve (12) months from the effective date of layoff. Employees will be recalled to work for vacancies in their job classification in reverse order of seniority as provided for under Article 5.2. Employees subject to recall shall be responsible for notifying the Medical Center of their interest in filling a vacancy for which they are qualified. Subject to the above qualifications, the most senior qualified employee responding within the posting period under Article 5.6.1 will be offered reinstatement for openings in their job classification prior to any employees being newly hired but after any appropriate internal intra-departmental transfers of qualified regular employees under Article 5.6.1, unless the employee on recall has more seniority than the currently employee regular employee. An employee who is recalled to a vacancy is obligated to return to work within ten (10) calendar days of the date of the offer of recall unless mutually agreed otherwise.

Upon reinstatement from such roster, the employee shall have their previously accrued seniority and vacation accrual rate under Article 10.1 in effect at the effective date of their layoff restored. The effective date of coverage for any benefits for which the employee may be eligible is subject to the plan's requirements.

- 5.4.5 Notification to Employer. Employees on layoff must submit to the Employer a written statement expressing their continuing interest in employment with the hospital. These statements must be sent by certified mail to the Employer's Human Resources Department during the ten (10) calendar day period following ninety (90) days, six (6) months and nine (9) months of layoff. If the employee fails to meet this notification requirement by the specific dates, or the employee fails to keep the Employer notified of a current mailing address and contact number, the employee's name shall be eliminated from the recall roster and the Employer's recall commitments shall terminate. In lieu of sending a certified statement of continuing interest the employee may submit their written statement directly to Human Recourse, receipt of which shall be noted by date stamp. The ten calendar day grace period also applies to the delivery to Human Resources.

5.4.6 Termination of Recall Rights. Recall rights will terminate upon any of the following:

1. Refusal to accept an offer of recall by the Employer to a comparable position
2. After 12 consecutive months on recall
3. Failure to provide timely notice of continuing interest or maintain a current address and contact phone number as required by Article 5.4.4

5.4.6.1 Definition of Comparable Position. A comparable position is defined as a position:

- a. With a change in the scheduled start of shift not greater than two (2) hours
- b. No more than a .2 FTE reduction
- c. A reduction that does not result in a loss of eligibility of employee, dependent or spousal medical coverage.

An employee who rejects an offer of comparable employment from recall as defined above will be considered to have voluntarily resigned.

5.4.7 Reassignment of Remaining Positions. The Employer will determine the number of full-time and part-time FTEs by shift and classification remaining in the department or work unit in which the layoff is being implemented. A listing of the remaining positions, including any qualifications requirements, will be posted on the work unit or in the department for ten (10) calendar days so that employees not subject to layoff may submit a list of their preferred position (first to last). After the posting period, the employer will reassign employees not subject to layoff based on their preference and seniority within job classification, as provided for under Article 5.2.

In the event of a layoff involving the reduction of only one or two positions, the Employer and the Union will convene to determine whether an alternative reassignment process that may be less disruptive while still recognizing seniority is mutually agreeable.

5.5 Department Merger, Division and/or Restructure—Definition. A unit merger occurs when two previously separate units or departments are re-configured into a single operational unit/department. A unit or department re-structure occurs when there is a significant change in the configuration of positions across shifts and/or within a single shift in a department. A unit or department division occurs when a single operational unit is re-configured into two or more separate operational units/departments. A unit/department merger, division or unit/department restructure may or may not involve a layoff. The Employer will provide the Union with at least thirty (30) calendar days advance notice of a unit/department merger, division or unit/department restructure. The Employer and Union will meet to discuss an alternative reassignment process under

Article 5.5.1 upon request of either party but such meeting, if requested, shall not delay the implementation of the merger or restructure process.

5.5.1 Reassignment Process for Unit/Department Merger, Division and/or Restructure. In the event of a merger of two (2) or more units/departments into a single unit or operational department, unit/department division or a restructuring of an existing unit, the Employer will determine the number of full-time and part-time FTEs by shift required for the new or restructured unit. A listing of the FTEs by job classification for each shift on the new/restructured unit(s), including a written description of the qualifications of the positions that will be available for bid will be posted on the unit/department(s) at least ten (10) calendar days prior to the bidding process. By the end of the posting period, each employee will have submitted to the Employer a written list that identifies and ranks the employee's preferences for available positions on the merger or restructured unit(s) (first to last). Based upon these preference lists, the Employer will assign employees to positions on the new/restructure unit(s) based on seniority as provided for under Article 5.2.

5.5.2 Options for Employees Subject to Layoff as a Result of a Unit/Department Merger, Division or Restructure. Options for employees subject to layoff as a result of a unit/department merger, division or restructure are provided for under Article 5.4.3.

5.6 Job Vacancies.

5.6.1 Job Vacancies/Posting. When a job opening or vacancy occurs, a notice of such job shall be posted in a prominent location within the department for at least five (5) days. Applicants within the department shall have first preference, before opening the position up to other potential qualified internal and external applicants. The job opening shall be filled on a seniority basis, subject to Article 5.2 and 5.5.2. The employee shall indicate interest in the job opportunity to the Human Resources Department by filling out a transfer request. In the event two or more employees in different job classifications apply for an open position that remains after employees in the applicable job classification in the department have been given preference, the opening will be filled on a seniority basis, subject to Article 5.2 and 5.5.2.

5.6.2 Transfer Eligibility. Transfers from one position to another or from one department to another within this bargaining unit shall be done by mutual agreement until the employee has been in his/her present position at least six (6) months (1,040 hours). Thereafter, employee requests for transfer to job openings in other departments within this bargaining unit will be given fair and reasonable consideration based upon overall practicability, seniority, availability and the ability to do the work in the department to which transfer is requested. The Employer may also consider whether the employee has any formal discipline within the past twelve (12) months. Once selected, the employee will be placed in the new position within thirty (30) days.

5.6.3 Variable Shifts. It is not the intention of the Employer to move the general work force to positions involving a variable FTE or positions that call for the employee to work more than one shift, nor is it the intention of the Employer to establish a variable FTE or position with multiple shifts as the prevalent or dominant type of position(s) in the bargaining unit. However, the unique circumstances related to staffing at OMC (such as geographic isolation, limited candidate pool, lack of ready access to agent relief), required the limited use of position with variable shifts. Accordingly, the Parties agree that:

- a. Per diem Service and Dietary employees will be assigned to variable shifts.
- b. Nutrition Services - Dietary employees will continue their existing practice of rotating between day and evening shifts on alternating months.
- c. One (1) employee in each job classification may be assigned to variable shifts, except in departments of five (5) or more employees, in which case no more than one quarter (1/4) of the employees in the job classification can be assigned to variable shifts.
- d. All other employees will be assigned to the shift to which they are typically scheduled (day, evening, night).
- e. If due to a call out or other exigent circumstance it becomes necessary to fill open shifts, the Employer will use a four (4) step process:

Step 1 – The Hospital will solicit volunteers to fill the open shifts.

Step 2 – If Step 1 is unsuccessful, the Employer will solicit regular, part time employees to fill the open shift provided the additional shift will not put them into overtime status.

Step 3 – If Step 2 is unsuccessful, the Employer will utilize per diem employees to fill the open shifts.

Step 4 – If Step 3 is unsuccessful, the Employer will assign employees in the department in the applicable job classification to fill open shifts in reverse order of seniority (see Articles 5.1 and 5.2)

5.7 Change in FTE Status. If a reduction in FTE is determined by the Employer to be necessary, the Employer will first seek volunteers in the affected job classification from the unit/department and shift to accomplish these changes. In the event there are no or not sufficient number of volunteers in the affected job classification, the least senior employee in the job classification on the shift on that unit/department will receive the FTE reduction. Any employee subject to an involuntary reduction in their FTE will be given preference up to their prior position (FTE) if the Employer seeks to expand the hours of an existing FTE in the employee's job classification on the employee's

unit/department and shift. Any employee subject to an involuntary reduction in their FTE of greater than .2 FTE or an involuntary reduction resulting in a loss of employee, spousal or dependent coverage (or a reduction that increases the employee's premium cost-share) under Article 12.1 will have recall rights under Article 5.4.4.

5.8 Cancel Time. When it becomes necessary for the Employer to make a reduction of hours worked (cancel) due to low census or economic reasons, the following order of reduction in hours will be followed within the classification/shift affected:

- a. Any employee on overtime, except in the case of a regular employee who agreed to work an extra shift, shall have the choice of being included into the rotation called for among regular full-time and part-time employees in g below.
- b. Volunteers
- c. Temporary employees
- d. Per diem employees who were not on the schedule as of schedule posting
- e. Per diem employees who were on the schedule as of schedule posting
- f. Part-time employees working above their assigned FTE
- g. Rotating between regular full-time and part-time employees, commencing with the least senior first.

5.8.2 Use of Accrued Paid Time Off. Eligible floating holiday and accrued vacation days may be taken on low census call-off days. Request must be in writing.

5.8.3 Limitation On-Call Off. If an employee with five (5) or more years of seniority, as defined in Article 5.1 (i.e., 10,400 regular paid hours or more within the employee's job classification) is called off more than forty (40) hours in a calendar year, the "call-off" procedure for the balance of that calendar year will be determined by the seniority of the employees scheduled to work on the shift impacted by the low census call-off, provided skill, competency and ability are considered equal.

5.8.4 Effect of Five Complete Rotations. Within twenty-four (24) hours of completing the roster five (5) times (forty [40] hours) the Employer will notify the Union. The parties shall meet within five (5) calendar days to determine the necessity of implementing the lay-off procedure.

5.8.5 Standby During Cancel Time. If in a cancel situation it is mutually agreed that the employee be placed on standby status, the employee will receive a minimum of eight (8) hours of standby pay as provided for under Article 8.3 (or, in the case of an innovative shift, the number of hours in the innovative shift), plus the employee's normal rate of pay for all hours worked, plus accrual of benefits on the number of hours the employee was scheduled to work. In the event the employee agrees to be placed on standby in a cancel situation, the employee will report to work if called in for that shift.

ARTICLE 6 - EMPLOYMENT PRACTICES

- 6.1 **Notice of Resignation.** Regular employees shall give not less than fourteen (14) calendar days prior written notice of intended resignation. Failure to give such notice or discharge for just cause shall result in forfeiture of accrued vacation and holiday pay, unless the Employer determines that extenuating circumstances merit consideration.
- 6.2 **Discipline and Discharge.** Regular employees shall not be disciplined or discharged without just cause. "Just cause" shall be defined to include the concept of progressive discipline (such as verbal and written reprimands and the possibility of suspension without pay). When appropriate, an employee will be counseled prior to the initiation of formal discipline. A copy of all written disciplinary action shall be given to the employee. Employees shall be required to sign the written disciplinary action for the purpose of acknowledging receipt thereof. Progressive discipline shall not be applied when the nature of the offense requires immediate written warning, suspension or discharge. An employee may request the attendance of a union representative during any investigatory meeting that may lead to discipline. The employee will be told prior to the meeting that it is an investigatory interview. Regular employees disciplined or discharged shall be entitled to utilize the grievance procedure.
- 6.3 **Unemployment Compensation.** All employees will be covered by Washington State Unemployment Compensation.
- 6.4 **Job Description.** Upon hire/transfer, each employee will be given a job description appropriate for their position. The Employer will review each employee's job description as part of the employee's routine performance evaluation. The Employer will notify the employee of any changes in their job responsibilities. Employees may request a copy of their job description from Human Resources.
- 6.5 **Restrooms and Lockers.** Rest rooms and lockers shall be provided for all employees on staff in accordance with State Law.
- 6.6 **Additional Hours.** Part-time, per diem, and temporary employees desiring additional hours, up to full time, shall notify their Department Manager in writing. The employee shall be obligated to work the number of hours requested, if assigned, except during a period of approved time off due to vacation, illness, injury or leave of absence.
- 6.6.1 **Work Schedule Posting.** A final four-week work schedule and days off shall be posted ten (10) days prior to the date of the work schedule. Schedules are determined by patient care loads, census and department workloads. Posted schedules may be amended by mutual agreement by the effected employee(s) and the supervisor.

At least ten (10) days before the posting of a final schedule, each department will post the hours available in the schedule, by classification (where applicable). Regular part-time employees and per diem employees desiring any of the hours available will sign up for the hours they could work at their straight time rate, in the manner required by the department within eight (8) days after the posting. The available hours will be scheduled

for those employees, with seniority determining conflicting requests. Regular part-time employees will have preference over per diem employees for available unfilled hours except in-so far as needed to maintain the skill level of a per diem employee and to maintain an adequate pool of per diems.

6.6.2 Scheduling of Per Diem Employees. In the event the Employer determines that per diem employees in any classification are not receiving sufficient hours of work, the Employer may request a meeting of the Labor-Management Committee to seek agreement from that Committee for the scheduling of per diem employees ahead of part-time employees requesting extra shifts. The Committee is authorized to make this decision.

6.6.3 Increased FTE. In the event a part time employee regularly works in his/her classification at least a .2 FTE (eight [8] hours per week) above his assigned FTE, in a four (4) current month period, excluding the reasons set forth in Article 4.5.2(a) through 4.5.2(c), the employee may request his/her FTE to be increased to the hours and schedule actually worked. The request will be granted, unless it is probable that the reasons for the extra hours are concluding.

6.6.4 Scheduling of Regular Full and Part-time Dietary Employees

- a. Regular full and part-time employees are scheduled off two consecutive days in each work week, except employees classified as floaters whose job responsibilities may require non-consecutive days off for periods of up to three consecutive work weeks.
- b. Except where the nature of an employee's regular duties involve weekday work only (such as the Caterer or Deli worker), or whose duties must be accomplished during the weekend (for example, the Food Service worker assigned Storekeeper duties), the two consecutive days off will be every Saturday and Sunday during every other four week period.
- c. Non-consecutive days off may otherwise be scheduled by mutual agreement.

6.7 Non-Discrimination. The Employer and the Union agree to comply with all applicable laws and regulations pertaining to discrimination because of race, color, religion, sex, national origin, age, marital status, sexual orientation or the presence of mental or physical handicaps, subject to occupational requirements and the ability to perform within those requirements. No employee shall be discriminated against or discharged for lawful activity on behalf of the Union in conjunction with their employer. Alleged violations of this provision shall be resolved under Article 15, Grievance and Arbitration.

6.8 Called off hours. The employee will be paid all called off hours if management or volunteers perform the employee's duties with the exception of emergent/urgent, normal task performed, unexpected high census, unforeseen or unplanned events.

- 6.9 Re-Employment. If an employee is re-hired into his or her former job classification within twelve months of voluntary resignation, the employee will be placed at their prior step in the wage schedule. The employee will be treated as a new hire for all other employment purposes.
- 6.10 Orientation and Training. Employees will be required to work only in those areas within the department for which they have received the appropriate training and/or orientation. Orientation and training of entry level employees will be provided generally up to three (3) days. Training/orientation may be extended if needed in the judgment of the supervisor, who will request input from the employee(s) who may have provided training/orientation. The parties agree that the Employer has sole discretion in determining whether or not there is an operation need for training and/or orientation. Employees being cross-trained will not be eligible for pay in a higher classification under Article 8.7 until satisfactory completion of any required training and/or orientation. Nothing in this provision is intended to restrict the right of the Employer to make work assignments or otherwise determine training and/or orientation needs.
- 6.11 Electronic Pay Information. Electronic records (including but not limited to UKG and Lawson, as well as in-house and/or third-party solutions) shall be readily available for employees to determine their number of hours worked, previously accrued sick leave and vacation accrued. To the extent of the payroll systems' capabilities, which are currently in an improvement phase, electronic records will also include the employee's current normal rate of pay, hours worked during the pay period, including straight time hours, evening and night shift hours and weekend premium hours earned during the pay period. Within six (6) months or less from the date of ratification and approval by the parties of this Agreement, Olympic Medical Center intends to have an electronic record available that includes premium pay such as shift differentials in a readable format and such information will be line itemized by category. The inquiry into the new report development will include the question of regular hours worked related to step increases.
- The parties agree that additional staff training is needed to ensure employees are proficient at accessing the new electronic record and report. Additionally, the parties agree that the Employer will make progress reports to Labor Management Committee and will discuss training needs during the six-month period following ratification that improvement to reporting is underway. Thereafter, either party may request the topic be added to the agenda any time there is a need to do so.
- 6.12 New Positions. If the Employer creates a new bargaining unit position, the Employer shall provide written notice to the Union, including the position description and a proposed rate of pay, at least fourteen (14) days prior to implementation of the new position. If the Union requests bargaining within fourteen (14) days after receipt of the notice, the parties will meet to bargain the rate of pay. The Employer's proposed rate shall be paid while negotiations proceed.
- 6.13 Food Service Aide Position. A Food Service Aide is a position created in the Olympic Medical Center Dietary Department for the express purpose of providing a meaningful employment opportunity through Project Search, or similar organization, for one or more

qualified individuals with developmental disabilities who are unable to perform the full scope of responsibilities for the Food Service Worker job classification. Under the supervision of Dietary Leadership, the Food Service Aide performs assigned tasks that contribute to the smooth operation of the dining room. The number of Food Service Aide positions, if any, is subject to OMC budgetary restrictions.

Individuals providing onsite technical assistance and support (referred to as a "Job Coach" or "coordinator") provided for employees placed at OMC through Project Search or a similar organization are not intended to substitute for the Union as the third party representative of the Food Service Aide position as to the terms and conditions of employment. The parties recognize that the role of the "Job Coach" includes the following:

- Assistance and education for staff who may be assigned to orient a Project Search candidate
- On-going evaluation of the candidates performance in his/her position
- Assist the Food Service Aide with reading, understanding and assimilating pertinent work information, such as policies, Safety Net, etc, as may be needed
- Assistance with problem-solving regarding issues that may arise in the workplace, including those that may arise under the terms of the collective bargaining agreement.

The on-going employment of a candidate hired through Project Search or similar organization is based on the joint concurrence of OMC and the coordinator assigned to OMC that the individual meets performance expectations and able to function productively within the workplace.

In light of the specialized, circumscribed, and unique nature of the Food Service Aide position the parties agree as follows:

1. The provisions of the collective bargaining agreement listed below will not be applied to individuals hired through Project Search, or similar organization, to work in the Food Service Aide job classification:
 - a. Article 5.1 (Seniority)
 - b. Article 5.2 (Seniority Application)
 - c. Article 5.7.1 (Job Vacancies/Posting)
 - d. Article 5.8 (Cancel Time)
 - e. Article 6.2 (Discipline and Discharge)
2. All other provisions of the collective bargaining agreement not expressly identified in paragraph 1 above will apply to employees in the Food Service Aide job classification.

In the event of a grievance filed by a Food Service Aide, either party (or the grievant)

may request the participation of the Project Search coordinator, or a coordinator from a similar organization, in the grievance process for the purpose of facilitating communication between the employee/grievant, employer and the union

ARTICLE 7 - HOURS OF WORK

7.1 **Normal Work Week/Work Day.** The normal work week shall consist of forty (40) hours worked within a seven (7) day period (Sunday through Saturday) or eighty (80) hours of work within a fourteen (14) day period. The normal work day shall consist of eight and one-half (8 1/2), ten and one-half (10 1/2) or twelve and one-half (12 1/2) consecutive hours within a twenty-four (24) hour period, inclusive of unpaid thirty (30) minute meal period(s) or any other schedule mutually agreeable to the Employer, Union and employee, such as the Nine (9) Hour Shift (Third Shift Only) with four (4) shifts per week for thirty six (36) hours.

7.2 **Innovative Schedules.** An innovative work schedule is defined as a work schedule that requires a change, modification or waiver of certain provisions of this Agreement. Innovative work schedules not specified in this Agreement may be established by mutual agreement between the Employer and the employee and with the consent of the Union.

The Employer or employee(s) shall have the right to revert back to the schedule in effect immediately prior to the alternative work schedule, including the same unit, shift and FTE, after thirty (30) days advanced written notice, provided, however, that reverting back to the schedule in effect immediately prior to the alternative work schedule will not require other shift changes.

7.3 **Overtime System.** All time worked in excess of forty (40) hours during any one (1) week shall be considered overtime, unless the employee is assigned to work an eight (8) hour per day and eighty (80) hours per fourteen (14) day period, in which case all time worked in excess of eight (8) hours during any one (1) day and/or in excess of eighty (80) hours during the two (2) week period, shall be considered overtime. All overtime must be properly authorized by the Employer, in advance if possible. Overtime shall be discouraged.

7.3.1 **Mandatory Overtime.** Pursuant to the requirements of RCW 49.28.140, no employee covered under this collective bargaining agreement may be required to work overtime, except as provided in Article 7.3.2. Attempts to compel or force employees to work overtime are contrary to public policy. The acceptance of overtime is strictly voluntary and the refusal of an employee to accept such overtime work is not grounds for discrimination, dismissal, discharge, or any other penalty, threat of reports for discipline, or employment decision adverse to the employee.

7.3.2 **Exceptions to Prohibition on Mandatory Overtime.** The prohibition of mandatory overtime contained in Article 7.3.1 does not apply to overtime work that occurs:

(1) Because of any unforeseeable emergent circumstance;

- (2) Because of prescheduled on-call time;
- (3) When the Employer documents that it has used reasonable efforts to obtain staffing. An employer has not used reasonable efforts if overtime work is used to fill vacancies resulting from chronic staff shortages; or
- (4) When an employee is required to work overtime to complete a patient care procedure already in progress where the absence of the employee could have an adverse effect on the patient.

7.3.3 Definitions.

- (1) "Overtime" means hours worked in excess of an agreed upon, predetermined scheduled shift within a twenty-four hour period not to exceed twelve hours in a twenty-four hour period or eighty hours in a consecutive fourteen-day period.
- (2) "On-call time" means time spent by an employee who is not working on the premises of the hospital but who is compensated for availability or who, as a condition of employment has agreed to be available to return to the premises of the hospital on short notice if the need arises.
- (3) "Reasonable efforts" means that the Employer, to the extent reasonably possible, does all of the following but is unable to obtain staffing coverage: (a) Seeks individuals to volunteer to work extra time from all available qualified staff who are working; (b) Contacts qualified employees who have made themselves available to work extra time; (c) Seeks the use of per diem staff; and (d) Seeks personnel from a contracted temporary agency when such staffing is permitted by law or an applicable collective bargaining agreement, and when the Employer regularly uses a contracted temporary agency. As of the date of this Agreement, the Employer does not currently regularly use a contracted temporary agency.
- (4) "Unforeseeable emergent circumstance" means: (a) any unforeseen declared national, state, or municipal emergency; (b) when a health care facility disaster plan is activated; or (c) any unforeseen disaster or other catastrophic event which substantially affects or increases the need for health care services.

7.3.4 Overtime Purposes. Employees will not be released from work early from their shift, or have their shift canceled, for the purpose of avoiding overtime.

7.4 Overtime Compensation. Time paid for but not worked shall not count as time worked for purposes of computing overtime. All overtime shall be paid at the rate of one and one-half (1 1/2) times the employee's regular rate of pay. All time worked in excess of twelve (12) hours, broken or unbroken within a twenty-four hour period, shall be paid for at double (2x) the employee's regular rate of pay. The twenty-four (24) hour period shall

commence at the beginning of the employee's scheduled shift and end twenty-four (24) hours after it begins, e.g., 7:00 a.m. to 7:00 a.m. (days); 3:00 p.m. to 3:00 p.m. (evenings); and 11:00 p.m. to 11:00 p.m. (nights). In the event consecutive hours exceed the 24-hour period, such hours shall continue to be paid at double (2x) the normal rate of pay until the number of consecutive hours is terminated.

7.4.1 Work On Scheduled Day Off. Full-time employees who work on their scheduled day off shall be paid at the rate of one and one-half (1 1/2) times their regular rate of pay for the hours worked on that day unless the employee has not fulfilled their FTE for the work week as a result of employee-requested cancel time, except that on weekends the rate shall be two (2) times the regular rate. This arrangement can be waived by mutual agreement where employees arrange to trade days off.

7.4.2 Combined Shifts. Part-time employees assigned to both innovative and eight (8) hour shifts will be paid overtime for hours worked in excess of any eight-hour shift (pre-assigned, picked up as a trade, or worked at the request of the Employer) and for any eight-hour shift picked up at the request of the Employer, even if the total hours worked does not exceed forty (40) hours in the workweek.

7.5 Time/Pyramid Restrictions. There shall be no pyramiding or duplication of overtime pay and/or premium compensation paid at the rate of time and one-half (1 1/2) or greater. If an employee qualifies for two or more overtime and/or premium compensations for the same hours worked, the employee shall receive the highest overtime and/or premium compensation for which the employee is entitled.

7.6 Meal and Rest Periods. Meal periods and rest periods shall be administered in accordance with applicable state law except as modified and superseded by this Agreement. Employees are strongly encouraged to take meal periods and rest breaks.

Employees will be provided one (1) thirty (30) minute unpaid meal period for every five (5) hours worked and for any three (3) hours worked longer than the regularly scheduled work day.

Non-covered health care employees (as defined by RCW 49.12.480) may by mutual agreement in writing waive their entitlement to thirty (30) minute meal period(s).

• Covered health care employees (as defined by RCW 49.12.480) who work less than eight (8) hours may by mutual agreement in writing waive their entitlement to a thirty (30) minute meal period. Covered health care employees entitled to two (2) or three (3) meal periods may voluntarily waive their second and third meal periods and the timeliness of those meal periods, provided the employee agrees to take one (1) meal period after the third hour worked and before the second to last hour scheduled.

If the Employer interrupts the meal period and does not provide a replacement, the Employer will compensate the employee at the applicable rate for time worked.

Employees shall be allowed a rest period of fifteen (15) minutes on the Employer's time,

for each four (4) hours of working time. Subject to mutual agreement and technological capability, employees involved in direct patient care activities or clinical services may combine meal periods and rest breaks. The Employer will provide a mechanism for recording missed meal periods and rest breaks within a pay period in its time and attendance system. Employees must record and attest to any missed meal periods and/or rest breaks in the Employer's time and attendance system within the pay period in which the rest break or meal period is missed. There shall be no retaliation for recording missed meal periods or rest breaks.

- 7.7 Reporting Pay. Whenever possible, employees will be notified at least two (2) hours in advance of their shift cancellation. If the employee reports to work without being notified not to report, the employee will be paid a minimum of two (2) hours pay. During an identified chronic low census period, the employee will call the Department Head or Supervisor two (2) hours before the shift starts to determine if it is his/her turn for cancellation, if the employee is to be away from the telephone two (2) hours prior to the shift.
- 7.8 Weekends. The Hospital will make a good faith effort to schedule employees for every other weekend off. In the event an employee works two successive weekends, all time worked on the second weekend shall be paid at the rate of double (2x) the regular rate of pay. The third regularly scheduled weekend shall be at the employee's regular rate of pay. This section shall not apply to per diem employees. Subject to prior management approval, employees may submit a written request to trade weekends providing the schedule does not place the Employer into a premium pay or overtime position. Premium or overtime pay provided for in this section shall not apply to employees who voluntarily agree to more frequent week-end duty or to work every week-end. The weekend shall be defined for day and evening personnel as both Saturday and Sunday; for night personnel, the weekend shall be both Friday and Saturday night.
- 7.9 Call Back. An employee who is not on call and is called back to work after leaving the premises upon completion of the employee's regular work day shall receive a minimum of four (4) hours of pay at the appropriate rate.
- 7.11 Call-In. Employees called in during unscheduled periods will receive a minimum of four (4) hours pay at their regular hourly rate or, if the position for which they were called in to replace has a higher rate, they will be paid at the appropriate higher rate of pay.
- 7.12 Float. Employees will be required to work only in those areas within the Hospital or Clinics where they have received orientation. Employees shall not be required to perform tasks above their licensure or procedures for which they have not been trained or to which they have not been oriented. Circumstances permitting, qualified volunteers will be sought first when floating is necessary.

ARTICLE 8 - COMPENSATION

- 8.1 Wage Rates. Employees covered by this Agreement shall be paid in accordance with the wage rates in Appendix A attached hereto and made a part of this Agreement.

YR 1 – Effective the first full pay period after ratification:

- Base rates for non-OMP Service and Dietary positions will be increased by 3.25%, except the base rate for security will be increased by 6.75% (See Appendix A 2025), and employees will maintain steps (i.e. Step 4 on existing Appendix A to Step 4 on Appendix A 2025).
- OMP positions will be added to the wage scale by increasing the base rates by 3.25%. Increases between steps will be calculated based upon the average step increases across existing non-OMP positions. Employees will be placed on the wage scale (Appendix A 2025) by increasing current wage rates by 3.25%, and placing them on the schedule at the corresponding step. If the wage rate falls between two steps, then the Employee will be placed at the higher of the two steps.
 - Longevity. For purposes of longevity increments under Section 8.11, credit will be given to recently accreted OMP employees for hours worked since the most recent anniversary date in the current position.
 - HUC II will be added, which will require a CNA and be in the same pay grade as the CNA.
 - A new step 27 will be added to the wage schedule at approximately 1.3% higher than step 26.
 - Ratification Bonus: Effective the first full pay period after March 1, 2026, currently employed regular full-time and part-time employees will receive a \$500 ratification bonus prorated by FTE (less required withholdings). All currently employed regular full-time and part-time employees who are still employed in a covered position as of the first full pay period after September 1, 2026, will receive an additional \$500 ratification bonus (less required withholdings).

Effective the first full pay period after ratification, currently employed employees will receive twelve (12) hours of additional vacation pay added to their vacation banks, provided the employee is still employed in a position covered by this bargaining unit at that time.

Yr 2 – 3.0% increase for all employees (Service & Dietary and OMP), effective the first full pay period after September 1, 2026.

- 8.2 Shift Differential. Employees assigned to second (evening) shift shall be paid a shift differential or premium of three dollars (\$3.00) per hour over the regular hourly rate. Employees assigned to the third (night) shift shall be paid a shift differential of five dollars (\$5.00) per hour.

- 8.2.1 Employees temporarily assigned to a shift other than their regularly assigned shift shall be paid the shift differential for the shift worked or their regularly assigned shift, whichever is higher. Shift differential applies only if four (4) or more hours are worked into the shift.
- 8.3 On-Call (Standby). Employees on on-call (standby) status as defined in Article 4.10 shall be compensated at the rate of three dollars (\$3.00) per hour of assigned call (standby), e.g., if assigned for a full shift, eight (8) hours. An employee on standby status who is called to work shall be paid for all hours worked at one and one-half (1 1/2) times the employee's regular rate, with a minimum guarantee of four (4) hours. If the employee receives multiple call ins within a standby period, then they shall be paid for all hours with a minimum guarantee of four (4) hours for the standby period; provided, however, employees will not be paid more than the hours of their assigned standby shift, unless worked. On-call (Standby) premium shall be paid in addition to callback. On-call (Standby) duty shall not be counted as hours worked for any purpose except when an employee is assigned to standby in lieu of the employee's regularly scheduled shift for "hospital convenience" (or low need), in which event, those hours on call (Standby) designated on the time card as "cancel time" will count toward benefit accrual.
- 8.4 Lead. Lead is an assignment of additional responsibilities. An employee assigned by the Employer as a lead shall receive three dollars and twenty-five cents (\$3.25) over the regular rate of pay for all hours assigned lead responsibilities. Such additional responsibilities may include monitoring and reviewing work assignments of other employees, checking work for accuracy, assisting in making and/or adjusting daily work assignments of other employees, assisting with developing work schedules, or giving advice and work instructions to other employees.
- 8.5 Twelve Hour Rest Period. Unless performing standby duty, each employee shall have an unbroken rest period of at least twelve (12) hours between shifts unless otherwise mutually agreeable to the Employer and the employee. This provision shall not apply to employees working innovative shifts of twelve (12) hours in length plus unpaid meal periods.
- 8.6 Recognition for Past Experience. Employees hired during the term of this Agreement shall be compensated at a wage level as follows:
- a. One (1) to two (2) years past experience: step 1 of the pay scale.
 - b. Three (3) to five (5) years past experience: step 2 of the pay scale.
 - c. Five (5) to seven (7) years past experience: step 3 of the pay scale.
 - d. More than seven (7) years past experience: at least at step 4 of the pay scale and may be higher.

Past experience referred to in this provision shall be defined as recent, relevant and related experience in the opinion of the Employer using a standardized trackable process.

If a disagreement exists over the Employee's placements under 8.6(a)-(d), the Employee may schedule a meeting with Human Resources to investigate placement within thirty

(30) days of hire.

Newly accreted OMP employees will have thirty (30) days after receipt of the first paycheck reflecting their step placements to appeal their step placement if their years of past relevant work experience do not align with their placement on the wage scale. Such appeals must be submitted in writing. For purposes of past experience under this provision, only time in a position at OMC that is recent, relevant, and related to the current position will be considered. Adjustments will apply prospectively only.

The purpose of any appeal/meeting is not to re-evaluate, challenge, or otherwise dispute the Employer's determination of whether in the Employer's opinion past experience meets recency or relevancy requirements. Only whether the Employee received the proper step placement based on the Employer's crediting of past experience shall be investigated. The Employee may bring a Union Delegate to the meeting.

8.7 Promotions.

8.7.1 An Employee promoted to a higher paying job classification will be placed at the higher of the step that provides at least a 3% increase in pay over the employee's current hourly wage rate or at the step that provides recognition for past experience under Article 8.6.

8.7.2 Employees promoted to a higher paying position within three (3) years preceding ratification may request a review of past experience; provided the request is submitted in writing within thirty (30) days of ratification of this Agreement. The purpose of this review is to evaluate whether the Employee would earn more under the methodology outlined in Section 8.7.1. For clarity, and as specified in Section 8.6, the Employer's determination of whether in the Employer's opinion past experience meets recency or relevancy requirements shall not be re-evaluated, challenged, or otherwise disputed. Only whether the Employee received the proper step placement based on the Employer's crediting of past experience shall be investigated. Any adjustments will apply prospectively only.

8.7.3 Employees will experience no loss of longevity increments as a result of a promotion to a new job class. For purposes of clarity, this provision does not guarantee maintenance of steps (i.e., step 5 in job A to step 5 in job B).

8.8 Per Diem/Temporary. Per diem/temporary employees shall receive a fifteen percent (15%) premium above the employee's hourly rate of pay of the job title to which they are assigned in lieu of all benefits provided for in this agreement except for shift differential, standby and call back pay, lead, and time and one-half their normal rate of pay for working on holidays, and all overtime, where applicable.

8.9 Weekend Premium. Any employee who works on a weekend shall receive four dollars and fifty cents (\$4.50) per hour in addition to the employee regular rate of pay. The weekend premium shall be considered part of the employee's regular rate of pay only when the employee works overtime. The weekend shall be defined as all hours worked

between 11:00 PM Friday and 11:00 PM Sunday. Premium pay provided in this section shall not apply to time spent for educational purposes.

- 8.10 Work in Higher Paying Classification. When an employee performs in a higher-paying classification for two (2) hours or more, the employee shall be paid at the proper increment (step) of the higher classification for the time working in the higher classification; provided, however when filling in for the Baker, Cook, Caterer, or Deli Worker for four (4) days or less, the employee shall be paid using the Relief Rate pay scale at the proper increment (step). If a Floater is assigned to replace the Baker, Cook, Caterer or Deli Worker for five (5) consecutive days or more, the Floater will be paid at the appropriate step of the pay scale for that classification.
- 8.11 Computation of Service. For purposes of computing longevity increments, one (1) year of employment is defined as twelve (12) calendar months and 2080 regular paid hours as defined in this agreement. Longevity increments shall become effective at the beginning of the first full payroll period following completion of one (1) year of employment as defined above.
- 8.12 Regarding employee training assignments. "Trainee" means a new employee or an existing employee assigned to a new job classification who is not able to perform all essential job functions without direct supervision, training, or substantial oversight. Where, in the Employer's sole discretion the Employer determines that it is appropriate to assign an experienced employee to provide intensive training to a trainee (e.g., clinical and technical skill and competency training), the employee will be assigned to an approved trainer, as designated by OMC for on-the-job training. An employee assigned to train a new employee shall be paid an additional one dollar and fifty cents (\$1.50) per hour while performing such training duties. Training can take place in one (1) hour increments only. Only one trainer may be assigned to a trainee at one time. The Training Premium is not paid for orientation. In contrast to training, orientation generally involves assisting an employee in becoming familiar with their assigned responsibilities, frequently documented through a departmental checklist that is administered by the department supervisor. Employees assigned Lead are not entitled to Training Premium.
- 8.13 Uniform Allowance. The employer will reimburse all security guards up to \$300 yearly when receipts are provided to purchase uniforms and related safety gear required for work.

The condition is waived also if the employee's shift is canceled.
- 9.5 Part-Time Employees. Regular part-time employees shall receive holiday pay after a minimum of eight (8) hours have been accrued. Part-time employees may accrue holiday pay up to an accumulated sixteen (16) hours, plus an additional eight (8), for a total of up to twenty-four (24) accrued hours maximum. Once unused accrued holiday pay hours total a maximum of twenty-four (24) hours, eight (8) will be cashed out in the next pay period. Upon request, a part-time employee may also receive accrued, unused holiday pay in lieu of scheduled hours that were cancelled due to low need. Paid time off using accrued holiday pay may be requested through the department's established scheduling procedure.

Vacations will be granted as requested by employees on a first-come, first-served basis, provided that the time requested is not detrimental to the operation of the department and further provided that a vacation request may not be submitted more than twelve (12) calendar months in advance of the requested time off. The employee will be notified if the request is granted or denied as soon as reasonable, not to exceed fourteen (14) calendar days or the closest business day after.

Vacation requests that include any days in a week in which there is a designated holiday shall be rotated equitably from one year to the next in order to provide employees with the opportunity to take vacation during the holidays. Requests to be scheduled off on a specific designated holiday will be also rotated equitably from one year to the next.

There shall be no limit to the number of weeks of vacation any employee may take at a time, if eligible, subject to scheduling requirements; provided however, employees must have accrued vacation hours available at the time of the vacation request to take previously scheduled, approved vacation.

ARTICLE 11 - LEAVES OF ABSENCE

11.1 Leave Requests. All leaves of absence are to be requested from the Employer in writing as far in advance as possible, stating the reason for the leave and the amount of time requested. A written reply granting or denying the request and stating the conditions of the leave of absence, including any conditions upon which the employee will return, shall be given by the Employer within thirty (30) days. A leave of absence shall commence on the first day of absence from work.

11.2 Family and Medical Leave Act (FMLA). As required by federal law, upon completion of one (1) year of continuous employment, any employee who has worked at least 1250 hours during the previous twelve (12) months shall be entitled to up to twelve (12) weeks of unpaid leave to: (a) care for the employee's child after birth, or placement for adoption or foster care; or (b) to care for the employee's spouse, son or daughter, or parent, who has a serious health condition; or (c) for a serious health condition that makes the employee unable to perform the employee's job.

The Employer shall maintain the employee's health benefits during this leave and shall reinstate the employee to the employee's former or equivalent position at the conclusion of a leave of 12 weeks or less. The employee may elect to use any accrued paid time for which the employee is eligible during the leave of absence. The use of family leave shall not result in the loss of any employment benefit that accrued prior to the commencement of the leave.

FMLA leave shall be interpreted consistently with the rights, requirements, limitations, and conditions set forth in the federal and state law and shall not be more broadly construed.

Under certain conditions, family leave may be taken intermittently or on a reduced work schedule. Generally, the employee must give at least thirty (30) days advance notice to the employer of the request for leave when the leave is foreseeable.

11.3 Maternity Leave. An employee who qualifies for Family Medical Leave and takes leave due to a pregnancy or childbirth related disability is entitled to up to twelve additional weeks of leave to care for a newborn in addition to leave taken for the period of actual disability. Upon completion of the leave, the employee shall be entitled to return to her former or equivalent position.

11.4 Pregnancy or Childbirth Disability Leave for Employees Not Qualified Under FMLA. In

accordance with State law, an employee not qualified for FMLA who is disabled due to pregnancy or childbirth may request and shall be granted a leave of absence for the period of actual physical disability without loss of benefits accrued prior to the date such leave commences. If the employee's absence from work for pregnancy/childbirth does not exceed the period of actual physical disability, the employee will return to her former or equivalent position.

Medical insurance will be continued while the employee is on such leave for any period of time for which the employee otherwise qualifies for the Employer's GSTD plan under Article 14.. The Employer may require a statement from a licensed medical practitioner verifying the physical disability and upon return, attesting to the employee's capability to perform the work required of the position.

- 11.5 Health Leave and Return to Work. A leave of absence for health reasons under Article 11.2 may be granted for a period of up to twenty-six weeks, without loss of benefits accrued prior to the date such leave begins, provided however, in the case of a health leave as a result of an on-the-job injury, a leave of absence may be granted for a period up to fifty-two (52) weeks. If the employee's absence from work for health reasons does not exceed twelve (12) weeks, the employee shall return to their former or equivalent position. Thereafter for the duration of the twenty-six week leave (up to fifty-two weeks for a leave for an on the job injury), upon requesting return to work, the employee shall be offered the first available opening for which the employee may be qualified by seniority, subject to the requirements of Article 5.5.1. Prior to returning to work, the Employer may require a statement from a licensed medical practitioner attesting to the employee's capability to perform the work required for the position.
- 11.6 Coordination of Leaves. If a particular period of leave qualifies under FMLA or state law, or this Agreement, the leave shall run concurrently.
- 11.7 Education Leave. Upon request by an employee, up to three (3) days per year of leave with pay shall be granted to full-time employees for attending educational meetings approved by the Employer, such as workshops, seminars, and educational programs, provided the number of employees wishing to attend does not jeopardize the hospital service. The term "educational meetings" is defined as those conducted to develop the skills and qualification of the employees which are specifically job related and shall not include any meeting conducted for the purposes relating to labor relations or collective bargaining activities; provided, however, subject to adequate advance notice and staffing requirements, a union designated delegate or officer may use one education leave day annually to attend union-sponsored leadership/delegate training. The Employer will take into consideration the number of employees requesting the same education day for this purpose in approving leave requests.
- 11.7.1 Educational/Professional Fund. Upon completion of one (1) year of service to the hospital, a regular employee may in writing request funds thirty (30) days prior to leave. Such assistance shall be subject to certification of attendance and/or completion of course. The Employer's grant of funds, if any, will be subject to approval of the study and budgetary considerations.

In support of the Employer's commitment to continued professional education and development, the Employer will contribute the following amounts on a calendar year basis for eligible employees, the purpose of which will be to assist in the payment of continuing education expenses and certification exams. Such assistance shall be subject to supervisor review and approval, and subject to certification of attendance and/or completion of the course.

Eligible Employees: up to \$300

Annual contributions will be pro-rated at 50% for employees with an assigned FTE of less than .5 FTE.

Policies and guidelines regarding fund disbursement shall be determined utilizing the Labor Management Committee. The Labor Management Committee will also serve as a forum to discuss issues and concerns related to education leave and dollars.

- 11.8 Jury Duty. Regular full and part-time employees who are called to serve on jury duty or required to be a witness in a court proceeding involving Olympic Medical Center shall be compensated by the Employer for the difference between their jury duty/witness pay and their pay lost for regular scheduled hours. Jury pay shall be at the normal rate and such hours shall not count for purposes of overtime.

11.8.1 Employees on evening or night shift shall receive time off equivalent to their jury/witness time or work their regularly scheduled hours, as mutually agreed between the employees and the Supervisor subject to Article 11.8.2.

An additional sixteen (16) hours may be granted for a maximum of forty (40) hours when extensive travel (in excess of 400 miles one way) is required to attend a funeral/service/celebration of life. Time requested for bereavement leave must be taken within ten (10) calendar days of the death of a family member or the funeral/service/celebration of life of a family member. "Immediate family" shall be defined as a grandparent, parent, spouse, domestic partner, brother, sister, child, grandchild, or the in-law equivalent of grandparent, parent, brother, or sister or the step equivalent of grandparent, parent, brother, sister, child, or grandchild. Documentation may be required by the Employer. The employee is responsible for contacting their supervisor/manager as soon as the need for leave is known in order to obtain approval. Bereavement leave shall be prorated for part-time employees.

Leaves required in order for an employee to maintain status in a military reserve of the United States or in order for an employee to fulfill his/her obligated service in the uniformed services shall be granted in accordance with existing law. Such leave shall not be considered part of the employee's vacation time, unless the employee requests use of vacation. Time missed from scheduled work while on an approved military leave will continue to count toward seniority and longevity steps based on the employee's FTE. Upon return from military service, the employee shall be reinstated consistent with the requirements of the Uniformed Service and Re-Employment Rights Act.

11.12 Personal Leave. All regular employees shall be eligible to receive up to forty (40) hours of unpaid personal leave per year, providing sufficient advance notice has been given and providing such leave does not adversely affect patient care/medical center operations. Consistent with the parties' interest in developing a collaborative and supportive relationship, the representative(s) will work with management to identify appropriate coverage during the leave.

11.13.1 Leave to Assume Position with Union. Effective November 21, 2004, subject to adequate advance notice and supervisor approval, an employee may be granted a leave of absence to assume a position with the union. Contract provisions will not apply during such a leave of absence. A leave of absence may be granted up to six (6) months. An employee returning from leave within twelve (12) weeks shall be reinstated to his/her former position. Employees returning from leave thereafter will be eligible for the next available position for which they are qualified based on seniority, subject to the provisions of Article 5.5.1. Employees who return to work after twelve weeks will be limited to a maximum of two weeks vacation (pro-rated for part-time employees) for the six-month period following their return, subject to vacation scheduling procedures.

11.14 Paid Sick Leave (PSL). Effective the first full pay period following March 1, 2022 or ratification of this contract, whichever is later, PSL shall be provided in accordance with the PSL plan, which shall be incorporated by reference into this Agreement. There shall be no changes to the PSL plan except by mutual agreement. This agreement does not apply to administrative plan changes.

at the end of each calendar year.

11.14.2 Required Use of Paid Leave Benefits. Employees are required to use all accrued paid leave benefits before requesting unpaid time off, with the exception of PSL benefits, PFML benefits, or when a federal or state statute precludes it. Employees are not required to use accrued PSL or PFML benefits; however, the protections of the WA Paid Sick Leave Law and PFML only apply when PSL or PFML benefits are used.

11.14.3 Employees who receive a premium in lieu of benefits. Employees who receive a premium in lieu of benefits shall receive paid sick leave in accordance with the Per Diem Paid Sick Leave policy and will continue to receive a premium in lieu of all other benefits.

11.15 Washington Paid Family and Medical Leave. Employees may be eligible to receive Paid Family and Medical Leave ("PFML") benefits from the Washington Employment Security Department ("ESD"). PFML provides between 12 to 18 weeks of partial wage replacement if the employee is unable to work due to his or her own serious health condition, the need to care for a qualified family member due to a serious health condition, to bond with a new child, or for certain military-related leaves.

PFML is funded by premiums from employees and employers. To determine eligibility and receive benefits, an employee must file a claim with the ESD.

Notification: If the need for leave is foreseeable, employees must notify OMC in writing a minimum of 30 days in advance of the anticipated leave. If PFML leave is not foreseeable, employees must notify OMC in writing as soon as is practicable. Employees may also be required to submit additional documentation to OMC to determine whether the leave is covered by any other law or policy.

Supplemental Benefits: OMC permits employees to use accrued but unused paid time off benefits designated as "supplemental benefits" during any leave under this policy in accordance with OMC's applicable policies. Employees should contact Human Resources with any questions regarding supplemental benefits.

Issues of benefit eligibility and job restoration rights will be governed by applicable laws. Please contact Human Resources for additional information.

ARTICLE 12 - INSURANCE AND HEALTH

12.1 Group Medical/Dental/Vision Plan. Regular employees assigned a .5 FTE or greater shall be covered by the Employer's standard Group Medical, Dental and Vision Plan (the plans referred to as the Uniform Medical and Dental Plans/ Public Employees Benefits Board Plans (PEBB)) at no premium cost to the employee, along with life insurance, Accidental Death and Dismemberment (AD&D) and employee-paid supplemental life

and AD&D option as part of the State's health insurance program (subject to PEBB eligibility).

The Employer will pay the following premium cost for eligible dependent child/children and spousal coverage of regular employees, subject to employees making the required contribution:

.8 FTE or greater		.5 FTE up to .79 FTE	
Spouse	50%	Spouse	40%
Dependents	85%	Dependents	75%

Note regarding employee-paid portion of medical premiums: Employee contributions toward medical insurance premiums are paid on a pre-tax basis. To evaluate the actual impact on net earnings (take home pay), the amount of the medical premium is adjusted by taking into account an employee's individual tax bracket.

Example: Employee at a 25% tax bracket:

Dependent premium of \$394.19 (2012 premium rates)

OMC: 85% = \$335.06

EE: 15% contribution = \$59.13 per month - 25% that would otherwise be taxed (\$14.78) = \$44.35 net impact on employee monthly pay or \$22.17 per paycheck

12.1.1 PEBB – Mandated Surcharge. The Washington State budget, signed into law on June 30, 2013, mandated changes to the Public Employees Benefits Board (PEBB); beginning July 1, 2014, the PEBB shall add a \$25 surcharge to the premiums due from members who use tobacco products and a surcharge of not less than \$50 per month to the premiums due from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in other employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefit board plan with the largest enrollment. Such a PEBB surcharge shall be paid by any affected employee.

12.2 General Health (TB/X-Ray). At the time of employment, the Employer shall arrange for any employee to take a TB test if required by CDC guidelines at no cost to the employee. In the event of a positive reaction to this test, the Employer will arrange for an initial chest x-ray. If the chest x-ray is negative, a TB symptom screening form will be completed annually at no cost to the employee. Said test and x-ray will be performed at the hospital unless they can be performed elsewhere at no cost to the Employer. Employees allergic to the skin test will be offered a chest x-ray. In the event the employee declines the chest X-ray, the employee will be required to complete a TB symptom screening form and declination on the offer of a chest X-ray annually.

12.3 General Health (Blood, Pap Smear, Urine Tests). Each employee shall be entitled to a routine blood examination, pap smear interpretation, mammography for females over the

age of thirty-five (35) upon a physician's request (Employer will pay the hospital portion only; the employee is responsible for payment of physician's component), and urinalysis performed annually at the Employer's hospital without cost to the employee.

- 12.4 Life Insurance. The Employer shall provide the standard PEBB basic life insurance plan with accidental death and dismemberment along with the basic LTD plan option for each regular eligible employee assigned a .5 FTE or greater at no cost to the employee (subject to PEBB eligibility). See Life Insurance Plan for further details.

Future increases to the employee's cost share for coverage (including dependent and spousal coverage) over the prior plan year is limited to ten percent (10%). In any plan year in which the employee's cost share goes below the applicable percentage, the employer may increase the employee cost share above the actual percentage increase that plan year, up to a maximum of 10%.
- 12.7 Waiver of certain Hospital Co-pays. On a quarterly calendar basis, benefit eligible employees may submit any Explanation of Benefit forms (along with copies of any bills paid for services) for the employee and/or any eligible dependents for the quarter in order to obtain a waiver of (or reimbursement for, in the case of services for which the employee has already paid) any hospital services, including overnight stays, that exceed \$100 for the quarter for the employee and/or eligible dependents. Requests for the first calendar quarter must be submitted along with the required documentation by April 30; for second quarter by July 31; for third quarter by October 31; and fourth quarter by January 31. Administration of the waiver is subject to the employee providing adequate documentation that the required annual plan deductible for the employee and/or eligible dependent has been satisfied.

This waiver/reimbursement excludes the ER co-pay and all physician/mid-level (professional fees) co-insurance.

At the beginning of each year, the Employer will communicate to all employees at least in email format the form regarding the Waiver Request Form which contains the information regarding the form and process. The Employer will review the information with the Labor Management Committee for feedback and discussion the month preceding when the information is sent out to staff.

- 12.8 Modification of Health Insurance. The PEBB plan will remain in effect for the life of this Agreement. The Employer agrees it will make no modifications to the Plan during the life of this Agreement other than those required by the PEBB. Other benefit improvements are not precluded.

ARTICLE 14 - GRANDPARENTED SHORT TERM DISABILITY (GSTD)/NOTIFICATION OF ABSENCE

- 14.1 Short-Term Disability One-time Determination of Eligibility (Conversion). In recognition of Washington State's Paid Family & Medical Leave (PFML) with benefits becoming effective March 1, 2022, OMC's self-insured Short-Term Disability plan shall be retired and converted on the first full pay period following March 1, 2022 or ratification of this contract, whichever is later, per the conversion schedule in the GSTD plan. GSTD benefits shall be provided in accordance with the GSTD plan, which shall be incorporated by reference into this Agreement. There shall be no changes to the GSTD plan except by mutual agreement. This Agreement does not apply to administrative plan changes.
- 14.2 Proof of Illness. The Employer reserves the right to require reasonable proof of illness. When an employee applies for GSTD in conjunction with a leave under Article 11.2 (FMLA), the terms and conditions of the federal law and regulations apply should the Employer question the adequacy of a medical certification; otherwise, the Employer reserves the right to designate the physician to be seen and will pay the costs of the requested exam, including transportation and/or pay for scheduled work missed, where applicable. The Employer will designate a physician in the area of practice/specialty appropriate to the working diagnosis.
- 14.3 Notice of Absence. Employees are required to give notice of absence due to illness or other causes at least to two (2) hours (one (1) hour for WA paid sick leave covered absences) prior to the scheduled start of the employee's shift by contacting their supervisor or Staffing Office as appropriate.

ARTICLE 15 - GRIEVANCE AND ARBITRATION

- 15.1 Definition. A grievance is defined as an alleged breach of the terms and conditions of the Agreement. If any such grievance arises during the term of this Agreement, it may be submitted by using the following grievance procedure. Time limits set forth in the following steps may only be extended by mutual written consent of the parties hereto. A time limit which ends on a Saturday, Sunday or a holiday designated in Article 15 shall

be deemed to end at 4:30 p.m. on the next following business day. If the grievant does not comply with the time limitations noted in this Article, the grievance shall be null and void. If the Employer fails to comply with the time limitations noted in this Article, the grievant may advance the grievance to the next step in writing.

- 15.2 Step I - Employee, Union Delegate and Immediate Supervisor. It is the desire of the parties to this Agreement that grievances be adjusted informally whenever possible and at the first level of supervision. If any employee has a grievance, the employee shall first present it in writing and discuss it with his or her immediate supervisor within fourteen (14) calendar days from the date the employee was or reasonably should have been aware a grievance existed. The union delegate shall be present if requested by the employee. The immediate supervisor shall be given seven (7) calendar days to resolve the problem.
- 15.3 Step II - Employee, Union Delegate and/or Union Representative and Department Director or Next Level of Management. If the matter cannot be resolved informally and it is the employee's desire to proceed further, the employee shall submit written notification of appeal to Step II to the Department Director (or next level of management as appropriate) within seven (7) calendar days of the immediate supervisor's decision. The written grievance shall set forth the detailed facts concerning the nature of the grievance, the contractual provisions allegedly violated, and the remedy sought. A conference between the employee (and the Union delegate and/or Union representative, if requested by the employee) and the management representative shall be held within seven (7) calendar days of the receipt of the grievance at this Step. The management representative shall endeavor to resolve the grievance and will respond in writing within seven (7) calendar days of the meeting. The Union may initiate a grievance at Step II if the grievance involves a group of employees and is submitted in writing within fourteen (14) days from the date the employees were, or reasonably should have been aware, a grievance existed.
- 15.4 Step III - Administrator or Next Level of Management, Union Delegate and Union Representative. If the matter is not resolved at Step II, the grievance shall be referred in writing to the next level of Administration by the grievant or the Union within seven (7) calendar days after receipt of the Step II response. Within ten (10) calendar days of receipt of the written notice, the management representative, the Union delegate, the Union representative and the employee shall meet for the purpose of resolving the grievance. The management representative shall issue a written reply within seven (7) calendar days of the meeting of the parties.
- 15.5 Step IV - Arbitration. If the grievance is not settled on the basis of the foregoing procedures, the Union may submit the issue in writing to final and binding arbitration within fourteen (14) calendar days after receipt of the written reply at Step III by the Administrator or designee. Within seven (7) calendar days of the notification that the dispute is submitted for arbitration, the Union shall request the Federal Mediation and Conciliation Service to supply a list of eleven (11) arbitrators and the parties shall alternate striking names from such list until the name of one (1) arbitrator remains who shall be the arbitrator. The party to strike the first name shall be determined by coin toss.

The arbitrator's decision shall be final and binding, subject to limits of authority stated herein. The arbitrator shall have no authority or power to add to, delete from, disregard, or alter any of the provisions of this Agreement, but shall be authorized only to interpret the existing provisions of this Agreement as they may apply to the specific facts in dispute. The arbitrator shall base his or her decision solely on the contractual obligations expressed in this Agreement. If the arbitrator should find that the Employer was not prohibited by this Agreement from taking, or not taking, the action grieved, he or shall have no authority to change or restrict the Employer's action. The arbitrator shall not reverse the Employer's exercise of discretion in any particular instance when specifically reserved in the contract article or within the scope of the management rights language.

Any disputes as to procedure shall be heard and decided by the arbitrator in a separate proceeding prior to any hearing on the merits. Each party shall bear one-half (1/2) of the fee of the arbitrator and any other expense jointly incurred by mutual agreement incident to the arbitration hearing. All other expenses shall be borne by the party incurring them, and neither party shall be responsible for the expenses of witnesses called by the other party.

ARTICLE 16 - NO STRIKE/NO LOCKOUT

- 16.1 No Strike/No Lockout. The parties to this Agreement realize that Hospital and other healthcare institutions provide special and essential services to the community, and for this and other humanitarian reasons, it is the agreement of the parties to settle disputes by the grievance procedure provided for herein. It is, therefore, agreed that during the term of this Agreement that, (a) the Employer shall not lock out its employees and (b) neither the employees nor their agents or other representatives shall, directly or indirectly, authorize, assist or encourage or participate in any way in any strike, including any sympathy strike, non-informational picketing, walkout, slowdown, boycott, or any other interference with operations of the Employer, including any refusal to cross any other labor organization's picket line or any dispute related to any other third party. In the event of a strike by employees in another bargaining unit, employees covered under this agreement shall not be required to perform other than their usual duties.

ARTICLE 17 - GENERAL CONDITIONS

- 17.1 Labor-Management Committee. All employees covered by this Agreement shall be called a local unit and the elected or designated representative of the local unit shall be responsible for the processing of grievances. The Employer, jointly with the elected representatives of the employees covered by this Agreement shall establish a Labor-Management Committee to assist with personnel and other mutual problems. The purpose of the Labor-Management Committee is to foster improved communications and effective problem solving between the Employer and the staff. The function of the Committee shall be limited to an advisory rather than a decision-making capacity. The Committee may convene at least quarterly upon the request of either party and shall consist of four (4) representatives of management, and four (4) representatives of the employees covered by this Agreement. If a meeting is agenda is not provided one (1) week in advance, the meeting shall be cancelled. A non-employee Union representative

and a representative of the Employer's Human Resources Department may also be an ex officio member of the Committee. The Union will provide the Employer with a current list of the names of employee designated representatives. In light of the Committee's intended purposes, the parties recognize that the Committee is not an appropriate forum for presenting formal grievances, although the Committee may, by mutual agreement, undertake problem resolution related to issues identified in a formal grievance. The parties may include credit for past experience and issues related to step placement as an agenda item. This shall not result in individual adjustments, or individual or group audits of past experience credit.

17.1.1. Employees shall be compensated at the appropriate rate for all time spent at the Employer's request on hospital committees established by the Employer or this agreement.

17.1.2. Organizational Equity and Inclusion. In order for Olympic Medical Center to be the best place to receive care and work, patients and staff need a diverse and valued workforce.

An important aspect of providing quality patient care is to be culturally sensitive to the diversity of our patients and staff, and to act in bias-free ways. As part of achieving these goals, labor and management agree to begin joint work toward the goal of a strategy to achieve a workplace that embraces and demonstrates Organizational Equity and Inclusion.

The Employer will provide and pay any applicable fee for a professional facilitator to give members of the Labor Management Committee training to increase skill and awareness on hidden bias, cultural competency, and conflict resolution, to include bullying and harassment. Such training will be provided within 90 days of ratification. The Labor Management Committee members who attend the training will be compensated for hours worked for the time spent in training.

At the first Labor Management Committee meeting following ratification, the topic of organization culture, equity, and inclusion will be on the agenda so that goals can be established and joint work will begin. The topic will remain a standing agenda item. Any concerns about culture, bias, or discrimination of any kind shall be included in the discussion. The Labor Management Committee will look at trends for identifiable training needs and create a training plan. Topics may include, but are not limited to concerns related to discrimination, harassment, bias and/or prejudice. Olympic Medical Center is committed to fostering an environment in which individuals are treated with respect and dignity, and discussion at Labor Management Committee will promote awareness and improvement.

The Employer will provide Labor Management Committee with data related to specific concerns about organizational equity and inclusion upon request, anonymized where necessary. In addition, the Employer will provide the

following data when requested:

- Policies and practices for responding to discrimination
- Policies and procedures related to equity and inclusion.

There will be no retaliation for speaking out about discrimination concerns. Olympic Medical Center prohibits retaliation against any individual who reports discrimination or harassment or participates in an investigation of such reports.

- 17.2 Hospital Staffing Committee. Employees whose positions are subject to the terms of RCW 70.41.410 and 70.41.420 may complete a Staffing Variance Form and will ensure that the form is placed into the process as outlined by the Hospital Staffing Committee for review. An initial review will be conducted by the Unit Sub-Staffing Committee. If unresolved at the Unit Sub-Staffing Committee, the matter will be escalated to the Hospital Staffing Committee. A copy will be provided to the unit director so they may review the circumstances to prepare for a meaningful discussion at the Hospital Staffing Committee. The Hospital Staffing Committee, in compliance with RCW 70.41.420 will review completed Staffing Variance Forms to explore long term solutions to ongoing problems contributing to staffing shortages.

The Employer and the Union strongly support evidence-based nurse staffing plans designed after consideration of the factors enumerated in RCW 70.41.420.

- 17.2 Complete Agreement. The parties acknowledge that during the negotiations which resulted in this Agreement, all had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the parties hereto, for the life of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of any or all of the parties at the time they negotiated or signed this Agreement. The parties further agree, however, that this Agreement may be amended by the mutual consent of the parties in writing at any time during the term and that this provision does not in any way impair the function of the Labor-Management Committee.
- 17.3 Past Practices. Any and all agreements, written and verbal, previously entered into between the parties hereto are mutually canceled and superseded by this Agreement. Unless specifically provided in this Agreement to the contrary, past practices shall not be binding on the Employer. The Employer will not make any changes in past practices that would have the effect of discriminating solely against members of the bargaining unit. The Employer will communicate any changes in past practices to the employees in advance of the change.

- 17.4 Separability. It is the belief of both parties to this Agreement that all provisions are lawful. If any article or paragraph of this Agreement should be found to be contrary to existing law, the remainder of the Agreement shall not be affected thereby and the parties shall enter into immediate collective bargaining negotiations for the purpose of arriving at the mutually satisfactory replacement of such article or paragraph.

The purpose of the Committee shall be to investigate safety and health issues and to advise the Employer of education and preventative health measures for the work place and its employees.
- 18.3.1 Committee Membership. Consistent with applicable Federal and State guidelines, the Committee shall allow for membership representation of employee groups. Broad-based and persistent health and safety concerns of individual employees or employee groups can be addressed to this Committee if they have not been adequately responded to at the work unit level. Committee meetings shall be on paid time. The committee shall include at least one bargaining unit employee appointed by the Union. The committee shall normally meet monthly. Minutes shall be kept, copies of which shall be distributed to all committee members.
- 18.4 Infectious and Communicable Disease Control. The Employer shall maintain a program of infection and communicable disease control. The Employer shall advise employees when it is known they are exposed to infectious or communicable disease and assist them in taking preventative measures, screening for symptoms and/or appropriate immunizations, consistent with CDC guidelines.
- 18.5 Hepatitis B Vaccine. At the employee's choice, Hepatitis B vaccine will be made available for employees at risk secondary to needle stick/body fluid exposure, at no cost to the employee. After exposure to blood/body fluids, the Employer will continue its practice of following applicable CDC exposure protocols.

liable for any work-connected injuries, disabilities or diseases which may be incurred by the employee.

- 18.8 Product Evaluation Committee. The Union shall designate a representative to the Hospital's product evaluation committee or similar entity responsible for determining which equipment shall be purchased by the Hospital. The employee representative on the committee shall be compensated for their meeting and preparation time at the appropriate rate of pay.
- 18.9 Safer Medical Devices. The Employer will continue to obtain and distribute, at no cost to the employee, products and equipment which promote a healthy and safe work environment, particularly products and equipment to prevent body fluid exposures to Hepatitis B and Human Immunodeficiency Virus (HIV), including safer medical devices that reduce or eliminate needle stick injuries by providing a barrier between the needle and the employee. The Employer and affected employees shall also evaluate medical and nursing procedures to determine which procedures can be performed without needles in a reasonable and safe manner and shall provide needle less alternatives for such procedures. Cost shall not be the primary factor in determining the use of safer medical devices.
- 18.10 Exposure Protocol. The Employer shall continue to provide confidential twenty-four (24) hour information on and referral for employees sustaining needle stick injuries or other blood or body fluid exposures, including HIV, Hepatitis B, and Hepatitis C testing at no cost to the employee. The Employer's post needle stick and body fluid exposure protocol shall meet community standards and Centers for Disease Control (CDC) guidelines.
- 18.11 Infection Control Update. The Employer shall provide an annual infection control update on paid time for all employees, in accordance with applicable statutes and regulations.

In the event management is able to create a new temporary bargaining unit position(s) or a temporary assignment to reasonably accommodate one or more of these disabled employees; the Union agrees to waive seniority rights for that position(s). The position will not be posted and the position will be offered to the disabled employee as appropriate. Issues and concerns will be reviewed by the Labor Management Committee.

ARTICLE 19 – CAREER AND TRAINING FUNDS

The Employer and Union recognize that training and upgrading opportunities for healthcare employees to progress along a career ladder are an important recruitment and retention tool. With the objective of increasing the pool of staff who are qualified for hard-to-fill positions and augmenting career progression opportunities for current staff, the Employer will provide tuition assistance pursuant to its tuition assistance policy. Utilization of tuition assistance monies for the bargaining unit shall be subject to review and periodic recommendations of the Labor Management Committee under Article 17.1 of this Agreement.

The Employer and the Union will work together, utilizing the Labor Management Committee, to identify existing healthcare related degree or certification programs, review guidelines, utilization, application process, and communication plan to employees, and make recommendations.

Within 120 days of ratification, the Employer's Tuition Reimbursement Policy will be reviewed and updated in order to ensure consistency with this section.

ARTICLE 20 – SUCCESSOR

This Agreement shall be binding upon any successor employer including membership provisions, voluntary payroll dues deduction authorizations and voluntary political action fund deductions authorizations (i.e. SEIU – COPE program). The Employer shall have the affirmative duty to call this provision to the attention of any successor organization.

Olympic Medical Center will give the Union at least sixty (60) days written notice of its formalized intent to sell, transfer, convey, lease, consolidate, or merge the hospital, or any part of the Hospital's operations with a Successor. (This does not include subcontracting.) Such notice shall include the name and address of the prospective Successor. The Employer and the Union will meet within fifteen (15) calendar days of the date of the written notice to begin good faith discussions related to the potential subcontracting.

The Employer shall meet and confer with the Union, and will provide the Union with information concerning the proposed subcontracting, including but not limited to, the reason, need, financial impact, affected work and employees, and alternatives considered.

These good faith discussions of options and needs will include but are not limited to:

All other issues will be negotiated at the small table unless, by mutual agreement, the parties agree that the matter is appropriate for big table bargaining or for a subcommittee meeting.

MEMORANDUM OF UNDERSTANDING – THREE

Employees in the Service and/or Dietary Bargaining units will be allowed to donate vacation hours to a vacation donation pool for use by the employees on the Union's bargaining team during 2027 contract negotiations as follows:

1. Any member of an SEIU bargaining unit (Service and/or Dietary) may donate accrued vacation hours by providing written authorization, indicating:
 - a. the number of hours they agree to donate to the Union with four hours being the required minimum;
 - b. their authorization for Olympic Medical Center to deduct the donated hours from their accrued vacation; and
 - c. the employee's acknowledgement that donated hours will not be returned to any employee.
2. The Union will report to Olympic Medical Center the total number of hours donated by its members and provide copies of the signed authorization forms no later than 10 calendar days after the date a new contract is ratified. No additional donations will be accepted after this date.
3. OMC will calculate the total value of the donated hours by multiplying the number of hours donated by each employee by his or her regular rate of pay (including shift differential). OMC will issue a one-time payment to the Union equal to the total dollar value of the donated hours (minus the legally required withholding) as part of transmittal of union dues, with an individual accounting for the total amount of vacation donation.
4. The Union is responsible for administering the donated vacation hours, including determining amounts to distribute to bargaining team members. The Union shall make all payouts to its individual team members in accordance with IRS regulations.
5. OMC will deduct employee donated vacation hours from all employees' accrued vacation as authorized, in the pay period the payment is made to the Union.
6. The Union will indemnify and hold OMC harmless in the event of an employee complaint (either by the donor or recipient) unless OMC erred in donating vacation from an employee from whom it had no authorization and/or erred in the number of hours to be donated as indicated in the documented request

MEMORANDUM OF UNDERSTANDING – FOUR

Effective the first full pay period following date of ratification, recently accreted OMP employees will transition to SEIU paid time off benefits as defined in the Agreement.
